Interprofessional Education Day 2020

When: Monday, March 9, 2020

Where: Alumni Hall, Western University

Engaging students from health care related professions in preparation for their future as practitioners and researchers.

Facilitators are needed to:

- Guide small groups of students through exercises and case analysis
- Ensure conversations advance (timekeeping)
- Offer advice and additional information based on professional experience

Over 700 students are anticipated to attend!

Update: Nutrition Research Project Team

Retrospective Study:
*Perioperative Malnutrition and
Frailty in Older Adults
Undergoing Elective Surgery*

- **Principal Investigators:** Dr. Janet Madill, Brescia University College and Dr. Ava John-Baptiste, Epidemiology & Biostatistics/Public Health, Western University

Prospective Study:
*Perioperative Nutrition in
Older Adults Scheduled for
Elective Surgery: Dietetic
Consultation in the
Community*

- Results from the retrospective study will inform the prospective study
- Developing a model to improve perioperative patient care and better connect hospital and community care (starting with London Health Sciences Centre and Thamesview Family Health Team in Chatham).

Updates: Opioid Reduction Project Team

- Focus: The spread and augmentation of an opioid reduction initiative to reduce prescribing across the region, starting in surgical and emergency units
- Establishing an integrated knowledge translation plan to encourage practice change
- Building awareness and identifying champions across the region to advance the initiative.
